

# CDesk® v2.0

# C

# W

# O

# O

## Modular

- knocks down and packs flat for efficient manufacture, transport, storage and handling
- component assembly allows custom configuration
- with or without ladder-back and related shelves and accessories
- 1, 3, 4, 6, 7 or 9 drawers

## Modulate

- sit or stand - desktop height adjusts from 28" to 39" with the turn of a crank
- ladder-back mounted accessories adjust vertically and laterally
- wheels allow collaboration through dynamic work environments

## Modify

- ladder-back encourages user interaction
- easily adapted for new functions
